Birds Queensland Meeting
6 October 2022

Birds Queensland's next monthly meeting is at 7.30 pm on Thursday 6 October 2022**,** at the Warner Hall, Merthyr Road Uniting Church, 52 Merthyr Road, New Farm.

The meeting will comply with the COVID-19 restrictions operating at the time of the meeting and comply with Birds Queensland's COVID Safe Plan.

Birds Queensland videos presentations. Members will be notified when the videos are available for viewing online.

Denis Peel - A Bird's Eye View of the History of Fairfield, 4103, Queensland.

Denis will draw on historical writings and images to illustrate the changes in habitat for birds in an inner-city suburb and the associated implications for bird populations over the last 200 years. What will it mean for the next 100 years?

Leo Biggs - Raptor monitoring techniques: a global review and South East Queensland comparison.

Leo will begin his presentation with the results and implications of a global systematic review of raptor monitoring since 2000. This will lead into a comparison of novel and traditional monitoring techniques for recording raptor diversity, population dynamics and diet. Over the past 12 months as part of the Raptor Monitoring Techniques Project, Leo has conducted over 500 hours of observations throughout South East Queensland. He will discuss the preliminary results from the use of different monitoring techniques.
